

AN OPPORTUNITY FOR PARENTS. **A HERO FOR KIDS.**

The Opportunity Scholarship Fund (OSF) provides life-changing opportunities to lower-income Oklahoma K-12 students who would not normally receive a pathway to specialized education.

We provide Oklahoma families with options for how to best educate their children. **And we do it without taking any funds from public schools.** We want every student in Oklahoma to have the best possible education.

- **75%** of recipients wouldn't have access to private schools without the scholarship
- **80%** of scholarship dollars go to lower-income students
- **64** participating schools across the state
