

SAVE OKLAHOMA MONEY

The Opportunity Scholarship Fund (OSF) provides life-changing opportunities to lower-income K-12 students who would not normally receive a pathway to specialized education.

Raising the cap will **increase the number of scholarships** available to students, and allow donors to receive the full tax credit benefit. It's a win-win.

A study conducted by Oklahoma City University in 2018 revealed for every \$1 of tax credit issued to scholarship donors, **Oklahoma's budget will save \$1.51.**

OSF is good for Oklahomans and good for the state budget.
Raising the cap could save taxpayers up to \$15 million!

RAISE THE CAP
